

Deputy Response to Calls

308.1 PURPOSE AND SCOPE

The State of Minnesota finds that emergency vehicle operations are an integral part of law enforcement's commitment to public safety. This policy provides for the safe and appropriate response to all emergency and non-emergency situations (Minn. Stat. § 626.8458, Subd. 1).

308.2 RESPONSE TO CALLS

308.2.1 RESPONSE TO EMERGENCY CALLS

Deputies responding to an emergency call shall proceed immediately as appropriate. Deputies responding to an emergency call shall sound the siren and display at least one lighted red light to the front of the vehicle. Whenever practicable, during an emergency call response the deputy should continuously operate emergency lighting equipment and sound the siren (Minn. Stat. § 169.03 et seq.; Minn. Stat. § 169.17).

Responding with a red light, emergency lighting and/or siren does not relieve the operator of an authorized emergency vehicle or a law enforcement vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others. The use of any other warning equipment without emergency lights and siren does not provide an exemption under Minnesota law (Minn. Stat. § 169.17).

Deputies should only respond with a red light, emergency lights and/or siren when so dispatched or when circumstances reasonably indicate an emergency response is appropriate. Deputies not responding with a red light, emergency lights and/or siren shall observe all traffic laws.

308.2.2 LIGHTING EXEMPTION OF LAW ENFORCEMENT VEHICLES

A deputy may operate a vehicle without lights as otherwise required while performing law enforcement duties when the deputy reasonably believes that operating the vehicle without lights is necessary to investigate a criminal violation or suspected criminal violation of state laws, rules or orders, or local laws, ordinances or regulations. The operation of a vehicle without lights must be consistent with the standards adopted by Minnesota Peace officer Standards and Training Board (POST) (Minn. Stat. § 169.541).

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an imminent threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen. Where a situation has stabilized and emergency response is not required, the requesting deputy shall promptly notify Rice/Steele 911 Center.

If circumstances permit, the requesting deputy should give the following information:

- The location
- The reason for the request and type of emergency
- The number of units required

308.4 RESPONSIBILITIES OF RESPONDING DEPUTIES

Deputies shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. During a response to an emergency call deputies may (Minn. Stat. § 169.03; Minn. Stat. § 169.17):

- (a) Proceed cautiously past a red or stop signal or stop sign but only after slowing down and utilizing a red light or siren as may be necessary for safe operation.
- (b) Exceed any speed limits, provided this does not endanger life or property.
- (c) Disregard regulations governing direction of movement or turning in specified directions as authorized by law.
- (d) Disregard regulations governing parking or standing when using a warning lamp.

The decision to continue an emergency call response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the deputy should immediately notify Rice/Steele 911 Center. A deputy shall also discontinue an emergency call response when directed by a supervisor or as otherwise appropriate.

Upon determining that an emergency call response is appropriate, a deputy shall immediately give the location from which he/she is responding.

When emergency vehicles are on the scene of an emergency and pose any hazard, or when the vehicle operators seek exemption to park, stop or stand contrary to any law or ordinance pursuant to Minn. Stat. § 169.541, adequate warning lights shall be operated whenever practicable.

308.5 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the emergency call response and respond accordingly. The deputy shall notify the Patrol Sergeant, field supervisor or Rice/Steele 911 Center of the equipment failure so that another unit may be assigned to the emergency response.

308.6 TRAINING

The Training Officer shall ensure the frequency and content of emergency vehicle operations training meets or exceeds that required by law (Minn. Stat. § 626.8458).
